

hello!

what is brick street farms?

Brick Street Farms an urban farm & marketplace that grows 48 acres of farmland inside our THRIVE Containers, located on a 1/3 acre lot. Our farm hubs leverage sustainable technology to grow the most delicious produce you've ever had. Our leafy greens are available for you to purchase in our Brick Street Farms market or our online store, as well as specialty grocers throughout central Florida. You can also find us on the menus of yummy restaurants all around Tampa Bay!

why BSF?

At BSF, our mission is to make the world a better place. Our passion for sustainability is translated through our farming that can help solve today & tomorrow's food challenges. We believe it's time to eat like the planet depends on it.

coming soon!

Brick Street Farms is re-envisioning urban farming with our very own self-contained, sustainable THRIVE containers placed in hubs. The first of its kind in the world: Brick Street Farms Urban Hubs. The truest form of bringing food production to the point of consumption. And the best way to sustainably feed more people from urban locations.

- We will grow 16-20 acres of farmland on 1/3 acre lots.
- We are introducing solar energy to offset energy costs.
- We won't deliver outside of a 30-mile radius, promising our produce goes from harvest to destination within 24 hours.
- Our hubs will act as mini water treatment plants by reclaiming excess water, rainwater, and condensation.

how can you help support our mission?

By becoming a Farm Member, you are investing in our urban hydroponic farm and in your community! Your money will go directly to our farmers and farm operations, to the future of our food system and long-term sustainability, back into our community by supporting other small businesses in our BSF Market, and to our non-profit organization Desert Farms Foundation. We offer two membership levels, which come with their own perks! You can sign up to become a Farm Member at our Market or by visiting our website at www.brickstreetfarms.com.
